West Aurora Schools

There have been some changes made around Washington this year. Ground - breaking last fall, and full scale building this spring. With cooperation from the city of Aurora, the Fox Valley Park District, the Aurora Public Libraries and West Aurora Schools, there will be a library/tech center attached to our school. It is scheduled to be opened the first of 1998. We're all excited.

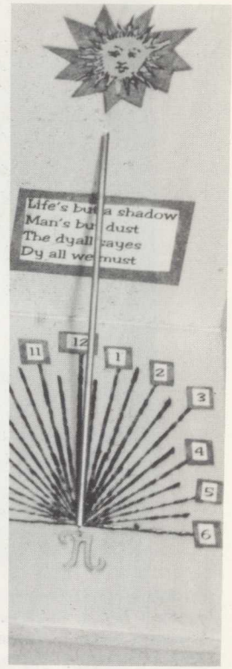
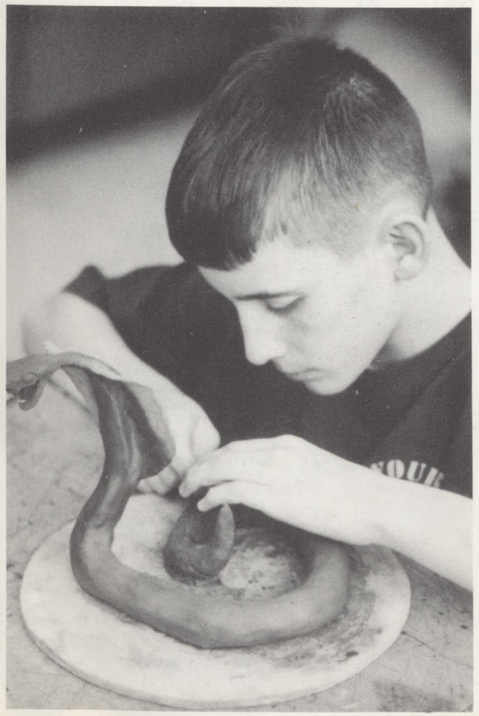
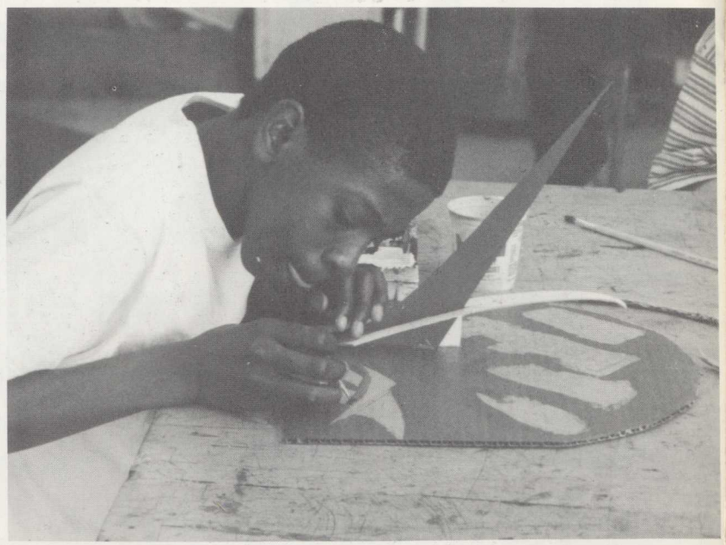
museum in the







classroom

The " museum in the classroom" grant was started in 1996 with Adler Planetarium. It involves the gifted art and science classes. The students have taken trips to the planetarium and studied sundials and the ancient ways of telling time. They have made sundials both traditional and whimsical.
